Company Environmental Policy

02/01/2020

David Mulcahy Electrical Limited will protect, care for and continually reduce their impact on the environment by complying with relevant legislation and requirements, and maintaining an effective Environmental Management System that enables us to create a cleaner and healthier environment for present and future generations.

At David Mulcahy Electrical Ltd we recognise the importance of safeguarding the environment whenever we conduct our business. Our Environmental Policy is as follows:

- To Comply with environmental laws and regulations.
- To conduct our operations in a manner that demonstrates respect for the quality of the environment.
- To cooperate with European, state and local governments in analyzing emerging environmental issues, finding solutions to environmental problems.
- To respond quickly and effectively to environmental incidents involving DME LTD facilities, accidents or incidents to people, equipment, environment or products under our control.
- To provide environmental training programs for employees, emphasizing individual responsibility for sound environmental management.
- To maintain corporate and departmental environmental monitoring programs to ensure compliance with DME LTD policy and governmental requirements.
- Ensure that our employees and contractors are aware of their environmental responsibilities.

This policy is distributed to all designated Managers, Supervisors, Foremen and shall be available at locations where this company carries on business.

Signed: David Mulcahy
Managing Director of David Mulcahy Electrical Limited
